# Group registration
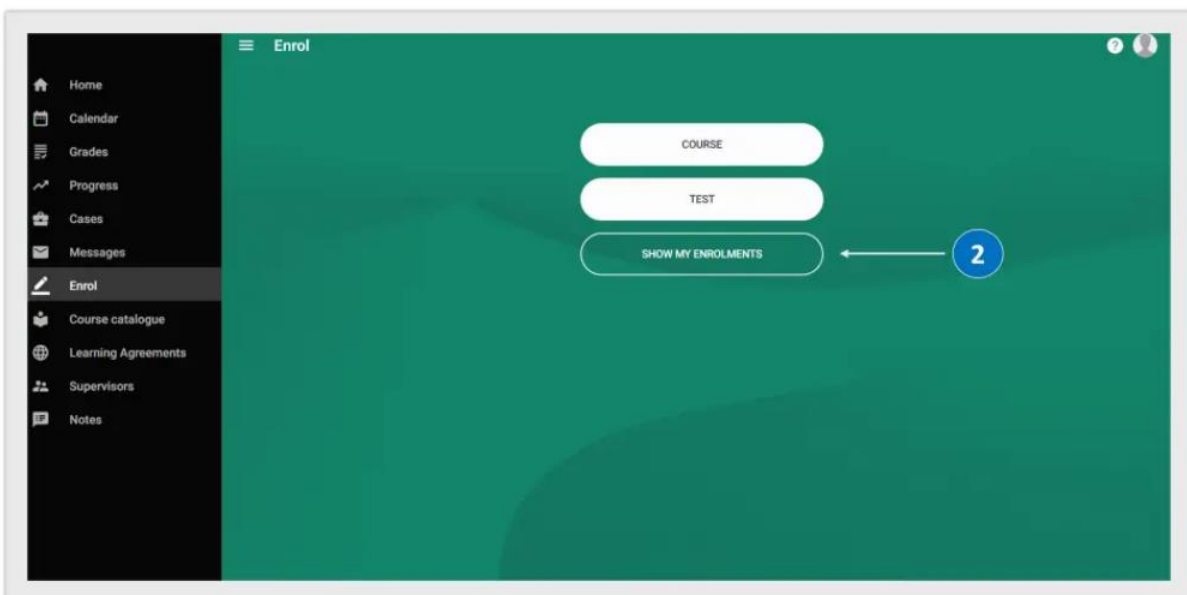

For courses that have multiple groups, students need to register for a group through OSIRIS Student.

Keep in mind that registering for a group is a separate procedure from registering for a course and needs to be done after you have registered for a course during the designated registration period!
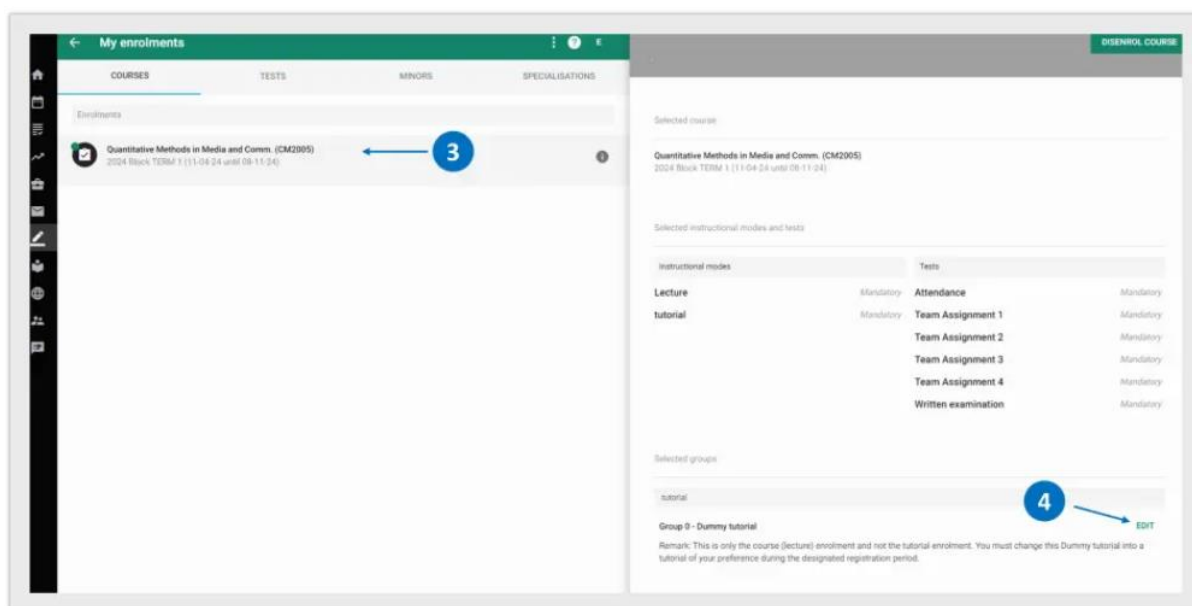

1. Click on 'Enrol' in the home screen.

2. Click on 'Show my enrolments'.

3. Select the course for which you would like to choose a tutorial group.
4. Click on 'Edit' at the bottom right corner.

5. Make sure to change your tutorial group from 'Group 0 – Dummy tutorial' to your preferred tutorial group.
6. You can also check the timetable of all tutorial groups by clicking on 'Timetable' at the top right corner in the pop-up screen.
7. Once you have made your choice, click on 'OK'.

8. You can now see the tutorial group for which you have registered.
9. Please be aware that if you change your mind and would like to register for a different tutorial group than your initial registration, you can change your tutorial group preference **before the assigned deadline of the tutorial group registration period** by clicking on 'edit'.
