Beoordeling

Uw verzoek bestaat feitelijk uit drie deelvragen.

Op grond van uw aanvraag oordelen we per (deel)vraag als volgt:

Deelvraag 1

"Hierbij dien ik een verzoek in op basis van art.3, lid 1 WOB om alle documenten in te zien omtrent het selectiebeleid voor de PwC Honours Class bij de Erasmus School of Economics vanaf de start van de Honours Class t/m heden."

Op basis van uw aanvraag hebben wij geïnventariseerd of, en zo ja welke, documenten beschikbaar zijn binnen de door u opgegeven scope van aanvraag.

Wij begrijpen dat u uitleg wenst over de wijze waarop de selectie plaats heeft. Wij hebben de documenten verzameld die daarop een antwoord geven.

Erasmus School of Economics van de Erasmus Universiteit Rotterdam is gevraagd relevante documenten aan te leveren.

Zij hebben de navolgende documenten verzameld:

1. slides 30-32 van de verplichtte kick-off voor de Accounting and Auditing track van de MSc AAC in week 1 van het academisch jaar
2. SIN-Online channel:
<https://ese.sin-online.nl/channel/pub/msgview.html?chid=4332&msgid=396846> (bijgevoegd in pdf)
3. ESE website (intranet):

5. Digitale folder:
https://issuu.com/erasmusschoolofeconomics/docs/brochure_pwc_honours_master

Alle hiervoor genoemde documenten zijn reeds openbaar gemaakt (ABRvS 20 januari 2010, ECLI:NL:RVS:2010:BK9881; ABRvS 1 september 2010, ECLI:NL:RVS:2010:BN5699).

Documenten 4 en 5 zijn op internet gepubliceerd en de documenten 1 tm 3 zijn/worden versterkt aan Erasmus School of Economics (Accounting and Auditing track van de MSc AAC) studenten.

Voor uw gemak worden afschriften van genoemde documenten u bij dit besluit toegezonden.

De Wob is overigens niet van toepassing op reeds openbare documenten. Verstrekking door een bestuursorgaan van openbare informatie kwalificeert als een feitelijke handeling en niet als een besluit in de zin van artikel 1:3, eerste lid, Algemene wet bestuursrecht (Awb). Er is geen bezwaar of beroep mogelijk (ABRvS 27 juli 2011, ECLI:NL:RVS:2011:BR3196).

Deelvraag 2

"Ik wens te weten welk persoon voor elk collegejaar vanuit de Erasmus Universiteit Rotterdam verantwoordelijk was voor het selectiebeleid van de PwC Honours Class."

Dit verzoek kwalificeert als een regulier informatieverzoek. De gevraagde persoonsgegevens worden niet verstrekt.

Openbaarmaking van de persoonsgegevens zou een inbreuk op de persoonlijke levenssfeer van de betrokken personen met zich meebrengen. Het belang bij openbaarmaking van persoonsgegevens weegt niet op tegen het belang van deze betrokkenen bij de eerbiediging van hun persoonlijke levenssfeer.

De Wob is niet van toepassing op reguliere informatieverzoeken. Beantwoording van regulier informatievragen kwalificeert niet als een besluit in de zin van artikel 1:3, eerste lid, Awb. Er is geen bezwaar of beroep mogelijk.

Deelvraag 3

"Ik wens te weten welk persoon of personen voor elk collegejaar vanuit PwC verantwoordelijk waren voor het selectiebeleid van de PwC Honours Class."

Dit verzoek kwalificeert als een regulier informatieverzoek. De gevraagde persoonsgegevens worden niet verstrekt.

Openbaarmaking van de persoonsgegevens zou een inbreuk op de persoonlijke levenssfeer van de betrokken personen met zich meebrengen. Het belang bij openbaarmaking van persoonsgegevens weegt niet op tegen het belang van deze betrokkenen bij de eerbiediging van hun persoonlijke levenssfeer.

De Wob is niet van toepassing op reguliere informatieverzoeken. Beantwoording van regulier informatievragen kwalificeert niet als een besluit in de zin van artikel 1:3, eerste lid, Awb. Er is geen bezwaar of beroep mogelijk.

E-mail

U heeft uw aanvraag per e-mail ingediend en daarbij expliciet aangegeven slechts online (wij begrijpen via e-mail) te corresponderen. In dat licht wordt deze brief u dan ook enkel per e-mail toegezonden.

Hoogachtend,

Het College van Bestuur van de Erasmus Universiteit Rotterdam,

Voorzitter

Title: Application PwCHonours Master	08-09-2020 13

Dear Student,

Are you that ambitious top student with qualitative, quantitative as well as social skills?

Then this is your chance! Differentiate yourself and enroll for the Honours Master Accounting, Auditing and Control, powered byPwC. The Honours Master is the perfect mix of tailor-made education combined with practical insights and business skills in an international setting.

The PwCHonours Master provides you with a competitive edge to your resume. The Master is characterized by a unique combination of theory and practice in accounting, auditing and control. You will also get several business skills trainings to make you street smart, before you have actually started a job.

The programme is developed in close cooperation with PwC and includes significant interaction with the business community through guest speakers, projects with practitioners, (international) business games, skills training, drinks, and internship opportunities.

Please note that due to the Corona virus, some of the activities are not certain.

We look for ambitious and social students who are curious in the world of accounting and consulting.

Please note that the only differences compared to the regular programme are additional activities organized by PwC like four inhouse courses, company visits, a business game in a European city and social activities. All these additional activities are open only for select students and are free of charge! To avoid any misunderstanding: as an honours student, there is no single obligation to apply for a job at PwC: you are free to apply for any other job you want!

Participating is a once-in-a-life opportunity will not cost you a lot of time!

Application is still possible: send your application/motivation letter and CV as soon as possible to [REDACTED]

Why study Accounting and Auditing

Do you want to play a pivotal role in the accounting, auditing or assurance branch? The interactive Accounting and Auditing programme at Erasmus School of Economics prepares you to do just that. It equips you with the skills to provide stakeholders with transparency through the collection, presentation and critical assessment of all relevant data.

The master Accounting and Auditing is also your path to access the post-graduate programme that enables you to become a 'Chartered Accountant' (Certified Public Auditor), in Dutch: 'Registeraccountant'. It covers all theoretical and practical aspects of collecting, categorising, summarising, analysing and using financial data in organisations. In paper assignments and group discussions we will not only introduce you to techniques and theoretical frameworks relevant to accounting and auditing, we also stimulate a critical, independent perspective toward this fascinating field.

Is this the right choice for you?

Are you a number-cruncher with an eye for what lies beyond the facts and figures? Do you follow and try to unravel corporate scandals in the news? Do you aim for an international career? The Accounting and Auditing programme will get you there.

If you possess the following traits, you are in a good position to apply for the programme:

- You enjoy quantitative tasks and are good at them.
- Your bachelor has given you a proper background in statistics as well as financial accounting and reporting.

- By nature you are inquisitive, critical and meticulous.

Why study Accounting and Auditing in Rotterdam?

At Erasmus School of Economics, you find yourself in a city where all midsize and larger auditing firms are located. Add our vast and active network to the theoretical knowledge and practical skills you will gain from this programme, and you know this is the place to start your international career.

We believe in the power of experience. In fact, we are well-known and appreciated for it by employers everywhere and this hands-on approach is one of the things that give our accounting programmes their distinctive character.

Study the Accounting and Auditing programme at Erasmus School of Economics for:

- In-depth knowledge of every aspect of accounting and auditing
- The skills to provide stakeholders with relevant and reliable information
- An interactive and practice-based curriculum
- An internationally orientated programme.

In addition, Erasmus School of Economics distinguishes itself from other universities by the fact that we offer students skills courses on writing, presenting and applying for a job, at the start of the programme. These courses are offered by each of the Big4 companies, which also gives you the possibility to learn more about them.

For excellent students we have the PwC Honours Master, providing you with a competitive edge for your resume. The Honours Master is characterised by a unique combination of theory and practice in accounting, auditing and control. A strong foundation in finance is added as an extra feature to further enhance your career opportunities. The programme is developed in close cooperation with PwC and includes significant interaction with the business community through guest speakers, projects with practitioners, business games, socialising over drinks and internship opportunities.

“The Accounting and Auditing programme offers high-quality education, in which you will be surrounded by highly motivated and ambitious students.”

PwC Honours Master

The PwC Honours Master provides you with a competitive edge in your career. The Master is characterized by a unique combination of theory and practice in accounting, auditing and control. A strong focus on research is reflected in our various studies to further enhance your career opportunities. The programme is developed in close cooperation with PwC and includes significant interaction with the business community through guest speakers, projects with partners, business games, intern, and internship opportunities.

The programme is of high academic standards that are recognized both nationally and internationally. The Honours Master fulfills the 'checklist' of the Dutch Association of Universities (VUW) and the Dutch Association of Universities (VUW) and is recognized by the Dutch Association of Universities (VUW) and the Dutch Association of Universities (VUW).

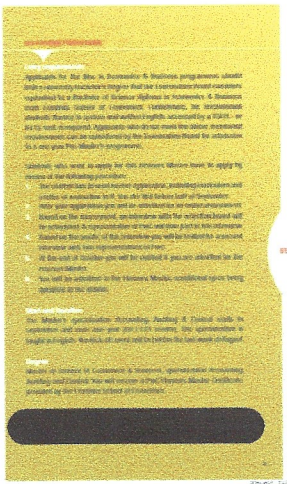

CHARACTERISTICS
As an Honours Master student, you will attend the core components in a special Honours Master group. This includes the core programme, the core courses, a seminar, and a Master's thesis. The core courses are designed to give you a wide range of insights into the world of accounting, auditing, control, and taxation. The background for conducting the research. The best thesis topics of the programme are directed to the Master's thesis. The thesis is written individually under close supervision by one of our academic staff members. Approving your thesis in the Honours Master will be assigned a coach by either the Erasmus School of Economics or PwC, who will continue to be managing your end career and occasionally with PwC throughout the year. This will include help with successfully completing the Master's thesis a position. PwC will provide opportunities to combine the master thesis with an internship.

Her curriculum further includes two unique courses that are only open to Honours Master students. The first course is on the latest course at PwC that will provide practical perspectives on risk and control. You will also meet companies and engage in live case studies. The second course focuses on the business world for accountants and accountants in international situations. Academics and auditors are often involved in complex transactions that require the use of measurements in the company, business, social sciences, customer relationships, technology, financial instruments and employee share options. For future practitioners it is important to have an understanding of the nature of these transactions and the valuation models applied. The course focuses on providing students the knowledge and skills to work with these models.

INTERNATIONAL EXPERIENCE
PwC will organize numerous extracurricular activities that are aimed at learning, team building, meeting practitioners and working on 'real' subjects. This includes a 'kick off event', the 'kick off event', an international business game, the completion of the international completion of the Master, and numerous opportunities to get acquainted with practice.

CAREER PROSPECTS
There is an exciting career in practice in the accounting profession. There has never been a greater need for thought leadership combined with hands-on knowledge. The Honours Master and program succeed students that already are an exciting career at the leading accounting organizations.

- CAREER PATHS INCLUDE:**
- Chartered Accountant (CA, CPA)
 - Chartered Controller (CC)
 - Management Consultant
 - Financial Economist/Expert
