MAP OF SOME Creative SPACES

Gele Keet 1

A hub for start-ups and innovators focusing on climate, energy transition, and societal challenges. Gele Keet serves as the home base for Resilient Delta, dedicated to transdisciplinary research and collaboration with public and private partners.

Researchers and partners contributing to projects or challenges within Resilient Delta.

- 5 rooms, including 2 meeting rooms (TV screens, audio devices, and whiteboards).
- Flexible workspaces with table flip charts and TV screens.
- Largest room accommodates up to 20 people (with adaptable layouts).

Mon - Fri: Access by arrangement (note: Mondays are the busiest). Reservations are required, and access is granted with a key.

resilientdelta@convergence.nl. Activities must align with the Resilient Delta initiative. For events, visit: convergence.nl/resilient-delta

Healthy Start Hub 2

The Healthy Start Hub is a co-creation space where researchers collaborate for and with society to find solutions for societal challenges. Located within walking distance of Rotterdam Central Station, this inspiring venue is ideal for brainstorming sessions, workshops, and small meetings.

Researchers and partners contributing to projects or challenges within Convergence Healthy Start.

- Suitable for a maximum of 14 people.
- Flexible setup for interactive sessions.
- Catering (external) available upon request

Mon - Fri: reservations required

healthystart@convergence.nl. Activities must align with the objectives of Healthy Start.

Stadslab Rotterdam 3

Stadslab Rotterdam is the creative makerspace of Rotterdam University of Applied Sciences, with advanced machines and room for experimentation.

Primarily intended for RUAS students, but on Tuesday afternoons (1:00-5:00 PM) and Thursday afternoons (3:00-7:00 PM) open to everyone.

- Maximum of 50 people simultaneously. Workshops range from 8 to 25 participants.
- Machines: laser cutters, 3D printers, digital embroidery machines, sewing machines, soldering equipment, tools.
- Digital tools: server infrastructure, powerful computers, VR equipment, media studio.
- Full overview: stadslabrotterdam.nl/machines.

cmi-stadslab@hr.nl
Open walk-in: no reservations, 'first come, first serve'.
Every quarter a Maker Meetup with Repair Café. Follow updates: @stadslabrotterdam.

HefHouse 4

HefHouse is a dynamic space for practice-oriented education that brings together the community of Rotterdam-Zuid and students/teachers from various educational backgrounds. At HefHouse meaningful encounters are facilitated while addressing complex, real-world challenges with a focus on sustainable, community-driven solutions.

Teachers, students, and researchers from EUR, Rotterdam University of Applied Sciences, and Albeda College.

- Large room (max. 50 people).
- Medium-sized room (max. 20 people).
- Small rooms (max. 10 people).
- Facilities: smartboards, flip charts, post-its, kitchen.

Mon-Fri: 9 AM-5 PM evening use upon request

Frieda Franke - franke@eur.nl | 06-30413298
Advance reservations recommended.

Erasmus Hub! Rotterdam 5

A creative space where students actively work towards positive societal impact. This pop-up venue encourages creative methods and connections across disciplines.

Students, teachers, and partners who embrace impact-driven education and aim to address societal challenges.

- Capacity: 90-100 people; one large space and five breakout rooms.
- Creative materials: Post-its, colourful markers, Lego, portable whiteboards
- Flexible furniture and presentation equipment: TV screens, microphones.
- Support for active methods such as design-based learning and experiential learning.

Mon-Fri: 8:30 AM-7 PM, evening use upon request

hub@eur.nl | +31 (0)10 4081092
Reservations are required; activities are assessed for alignment with the mission.

Co-creation Lab 7

An inspiring space for preparing and hosting creative sessions. The room is well-equipped with materials and also features a lounge area with design books—ideal for preparing larger sessions.

Teachers, students, and researchers from ESSB.

- Capacity: 12 participants, 4 facilitators.
- Facilities: Abundant creative materials and inspiration for sessions, large whiteboard, projector, pinboard, and a webcam to create table timelapse recordings from above.
- Also available: a bicycle bag and suitcases for various "on-the-go" co-creation sessions.

Mon-Fri: 9:00 AM-5:00 PM.

osinga@essb.eur.nl

Erasmus Education Lab 6

The place where you can work at educational innovation at the EUR, featuring open workspaces and an event room.

Teachers, researchers, and support staff working on educational innovation.

- Event room: max. 45 people.
- Inspiration tables: max. 8 people.
- Private training room: 6-8 people.
- Facilities: projector, presentation screens, flipcharts, creative materials, and hybrid options.

Mon-Fri: 9:00 AM-5:00 PM, evening use upon request.

educationlab@eur.nl | Reservations required.

Erasmus Enterprise 8

An entrepreneurial hub which supports students, researchers, alumni, and industry partners in creating a positive societal impact through entrepreneurship. The facility integrates education, research, and business incubation.

Students, graduates, researchers & corporate partners.

- To reserve Erasmus Enterprise facilities, you need to pay.
- Programs for startup development, including the Erasmus University Challenge and Startup Voucher.
- Networking events and a co-working environment for ideation and scaling.
- Support for every stage of entrepreneurship, from idea validation to business growth.
- Several event rooms (up to 120 people)

Mon-Fri: 9:00 AM-5:00 PM

Martha Behan - martha.behan@eur.nl
